THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.

SUBJECT:

NDI-2013-7-C - In the Matter of Connect America Fund; High Cost Universal Service Support, WC
Docket Nos. 10-90, 05-337, DA 13-282 - Discuss with the Commission Federal Communications
Commission Order No. DA-13-282 requiring collection of study area boundary data from incumbent local
exchange carriers (ILECs) or state entities on their behalf.

COMMISSION ACTION:

In regard to the study area boundary data sought by the FCC -- either from state entities or from incumbent local exchange carriers (ILECs) -- the Commission has received correspondence from the Office of Regulatory Staff indicating that, like this Commission, ORS does not have the resources necessary to collect and reconcile the data. Consequently, ORS has informed the ILECs that neither a voluntary report nor certification of any ILEC reports can be provided. Therefore, under the terms of the FCC Notice and Order No. DA-13-282, it is incumbent upon the ILECs to produce, reconcile, submit and certify to the FCC the required boundary information. Therefore, I do not believe that the Commission needs to take any action with respect to the FCC Notice and Order.
